Ontario County Ignition Interlock Program Instructions for Defendant without a Vehicle

As a result of your conviction, you must have an Ignition Interlock Device (IID) installed on any vehicle you own and/or operate (any vehicle registered and/or titled to you).

The STOP-DWI & Traffic Safety Program's office has been assigned your Ignition Interlock case. You have signed a sworn affidavit stating that you do not currently own, have title to or have a registered vehicle in your name. STOP-DWI will be monitoring your compliance with the Ignition Interlock mandate by periodically verifying your license, registration and title history. If you are found to have any vehicles registered and/or titled in your name, your case will be referred back to Court. PLEASE NOTE THAT YOU **CANNOT** HAVE A **MOTORCYCLE** REGISTERED AND/OR TITLED IN YOUR NAME.

If you are found operating a motor vehicle without an Ignition Interlock device, you will be charged with a misdemeanor.

REMEMBER— THIS IS A ONE YEAR RESTRICTION THAT WILL APPEAR ON YOUR DRIVER'S LICENSE!

Please contact our office with any questions and/or change in circumstances including address, phone number or vehicle information.

*******Once your one year mandated period of interlock installation has expired, our office will send you a completion form that MUST be taken to the DMV so that the restriction is lifted from your license.*******

If you have any questions, please feel free to contact the STOP-DWI & Traffic Safety Program's office at:
